

Stichting, Stiftung, Foundation, L'Asociación, La Fondazione, La Fundación

Amsterdam, April 26h 2009

Dear sponsors, donors, friends of the Foundation,

Some months have passed since my last newsletter. Due to health reasons I was unable to work for the foundation, which I found it a pity. Fortunately, I can write today and be able to inform you.

I have good news. Chimpahuaylla kindergarten will be build by TAWA arquitects from Cusco, they have planned to start with the first phase of the construction around half June. There will be a festivity to set up the first stone. Education authorities as well as the mothers and children will be invited. You may know that there were two impediments to be able to build earlier, one was the rainy season and the other one technical reasons, the ground needed to get ready for construction.

It is a great satisfaction to thank Wilde Ganzen, our donors and friends of the Foundation. Chimpahuaylla kindergarten is becoming a reality. You cannot imagine how much happiness you have brought into this small community. The Foundation thanks you for your donations.

Let me tell you we are not yet there; we will need to implement the classroom(s). We will need per classroom: 6 round tables and per table six little chairs, one school board, one teachers desk and one chair and last but not least one closet to keep learning stuff, toys.

I strongly believe that you will support us implementing the classroom(s). You know it does not matter the amount the foundation receives as donation, what matters is that you are giving the opportunity to a child to be educated, that counts a lot for the children's mothers and for the Foundation.

Once more I thank you for your invaluable support to the Foundation and for the future of these children and also for the attention you have given to my writing, wishing you a nice spring, summer period, I sign,

Sincerely,

Liliana Rivera
Chairman
