Amsterdam, september 28th 2009

Dear Sponsors, Donators and Friends of the Foundation,

I fell happy to write you and let you know that after having some problems with the ground due to the fact that is located close to the river Huatanay, a study was necessary and it gave as a result that the ground needed to have deeper roots to build the kindergarten. Finally few weeks later, I was informed that it is possible to build. Regarding the above in few weeks you will be able to see few photos of the ground being prepared for construction.

Once more I would like to thank you for your care and understanding for the difficult period I had phased regarding my state of health. Also my special thanks to the staff of Foundation Colibri in Peru and in the Netherlands for their invaluable assistance planning activities for the year 2009-2010.
